EXPERIENCE

Product Designer, Hard-Line Solutions Dec 2019–Dec 2022

Designed the software user experience and interface for teleremote & autonomous heavy machinery. Executed a complete redesign of the interface and established the design system. As the sole designer on the Technology R&D team, I collaborated with Product Management, Engineering and QA to incorporate design into the existing workflow, improve hand over to development and increase efficiency of documentation for user manuals.

Graphic & Web Designer, NORCAT Feb 2017 – Nov 2019

Produced creative across a variety of media to support and strengthen the brand to internal and external audiences, including design for digital projects, websites and web applications. Designed tailored health and safety training programs for both NORCAT and client companies across various industries.

Instructor, Cambrian College of Applied Arts and Technology

Web Design II (ART2461) - Winter 2020

Digital Design III (ART2496) - Fall 2017

Graphic Designer, 50 Carleton & Associates Sept 2014 – Jan 2017

Designed branding, marketing and advertising project for clients ranging from national telecommunications companies to local art and culture organizations.

VOLUNTEER ROLES

Board of Directors, Art Gallery of Sudbury 2020- Present

The Art Gallery of Sudbury is a leading Northern Ontario public art gallery that engages and celebrates creative and diverse local, provincial, and national communities in innovative visual art, art-making and cultural experiences.

Communications Director, Charged Mar 2019 – Dec 2020

Managed and directed communications for Charged – a Sudbury based not for profit focused on creating learning and networking opportunities for the design and technology community by bringing industry leaders for first UX Conference.

Chapter Lead, Canada Learning Code Sept 2015 – Dec 2019

Co-ordinated and developed the strategy for the Sudbury Chapter of Canada Learning Code. Organised calendar of events and workshops in Sudbury, built a community of volunteers, developed strategic local partnerships.
